2010 ANNUAL REPORT  
YMCA of Southern Indiana

# BRINGING OUR COMMUNITIES TOGETHER

We bring individuals, families, adults and children – just like you together. We all share the desire to learn, grow and thrive in a comfortable environment.

Our programs help develop the skills and relationships needed to be healthy, confident and connected to our community.

Every day we work side-by-side with our neighbors nurturing the potential of kids, promoting healthy lifestyles and fostering social responsibility.

Our members, volunteers, staff and donors are all committed to strengthening our communities.

**Dear Friends,  
Thank you for your support of the Y.**

For two years our national organization, the YMCA of the USA, has done some exhausting research to determine how people view the Y. What we learned is that, although the general public knows our logo, when asked, most people don't know what we do. Although our Y family of staff, volunteers and donors, know first-hand our mission and work with youth and families, the general public still only thinks of us as the local gym or pool.

It is a result of this extensive study that Y-USA launched a brand revitalization last summer. The new brand platform allows us to tell our story more consistently and inspirationally. At the Y, we strengthen community by focusing our efforts on developing youth, improving healthy living for all, and fostering social responsibility to create positive and lasting personal and social change.

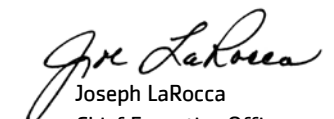

We believe that all children deserve the opportunity to discover who they are and what they can achieve. That is why, through the Y, 13,376 children and teens in Southern Indiana are cultivating the values, skills and relationships that lead to positive behaviors, better health and educational achievement every day.

At the Y, we promote a lifestyle of healthy living and well-being for all. We focus our energy on that segment of the population called "health seekers" who want to live a healthy lifestyle but don't know how to begin or stay engaged. The Y creates an environment where people of all abilities are supported in their efforts to improve their health.

We improve the quality of life in our community by extending subsidized memberships to low-income families, providing affordable child care, partnering with local schools, faith-based institutions and other nonprofits. We provide financial assistance to anyone with a demonstrated need in order to ensure that no one is turned away from Y membership or services because of an inability to pay.

Though the world may be unpredictable, one thing remains certain — the Y is, and always will be, dedicated to building healthy, confident, secure and connected children, families and communities.

Sincerely,

  
Joseph LaRocca  
Chief Executive Officer  
YMCA of Southern Indiana

## STRONG KIDS CAMPAIGN

The Y is about acceptance and a sense of belonging. Building strong families means understanding that every family is unique and deserves the opportunity to be involved. In 2009, the YMCA touched the lives of more than 6,200 families by providing financial assistance for programs and memberships through our financial assistance program. This program is made possible by the annual Strong Kids Campaign.

## HONORARIUMS/MEMORIALS

Did you know you can make a gift in honor or memory of someone you love?
